Reference for Noelia Martin-Benitez

To whom it may concern

Noelia has worked at WSAPC Chichester in the capacity of a teaching assistant for the duration of the summer term 2015. She is a committed member of staff who has easily integrated into our small team. Noelia has demonstrated quiet resilience and determination throughout her time supporting our challenging and vulnerable students. She is adaptable in her approach and has been equally successful in her support of primary and secondary students. Noelia has a non-confrontational manner when dealing with students and staff alike. She is personable and approachable, always happy to help and turn her hand to any task required.

In her last week working in our centre Noelia delivered Spanish lessons to our secondary and primary cohorts. Her lessons were well planned out, creatively resourced and accessible to all learners.

Noelia would be an asset to any staff team.

Deborah Johnson-Cadwell

Head of Centre
