

**To whom it may concern:**

Noelia taught my daughter from September 2016 to a June 2018, when she took her GCSE Spanish, at the age of 13, and achieved a grade 9.

Noelia is a very inspiring teacher who completely supported Miranda's learning and my expectations as a parent.

She enjoyed her classes, which enabled her to attain a top grade and was very important when attending classes after a long day at school.

Noelia was always professional and I would highly recommend her as a Spanish teacher.
